

Omega-3 + CoQ₁₀ with Turmeric

to help maintain healthy brain and heart function, with the added benefit of a powerful antioxidant.

What you should know about cardiovascular disease and nervous system disorders!

Recent statistics indicate that nearly 99% of people in the U.S. don't get enough omega-3 fatty acids from the foods they eat.¹ Research also tells us that there is a link between omega-3 deficiency and heart disease and nervous system disorders.

- Cardiovascular disease occurs almost equally in men and women.²
- Every year, about 12 million people throughout the world die of a heart attack or stroke.³
- Researchers have linked omega-3 deficiency to Alzheimer's disease.⁴

Omega-3 is called an "essential" fatty acid because the body is unable to manufacture this "healthy" fat on its own. Although the link between omega-3 deficiency and cardiovascular diseases is common knowledge, not enough fatty acids in the diet also increases the chances of other serious health problems, including: **Depression – Asthma – Rheumatoid arthritis.**

THE GOOD NEWS!

Despite the fact that heart attacks and strokes are the worldwide largest killers², **you can help yourself by maintaining a healthy lifestyle that includes making sure that you get the beneficial omega-3 nutrients that your body needs every day.**

YOUR KEY TO GOOD HEALTH

Incorporating Immunotec's Omega-3 + CoQ₁₀ with Turmeric into your daily health regimen is a great step towards doing your part in helping to protect your heart and brain for optimal function.

In an easy to swallow capsule form!

BENEFITS:

Anyone wishing to have healthy brain and healthy heart functions can benefit from Immunotec's Omega-3 + CoQ₁₀ with Turmeric.

TRIPLE PROTECTION

The innovative formulation ensures the maintenance of healthy heart and brain functions and even contains potent antioxidant properties.

A SYNERGISTIC FORMULA

With the formulation's addition of Piperine, which is the active compound found in pepper, the antioxidant benefits of CoQ₁₀ are increased by 30%. Piperine also has an amazing effect on Turmeric and increases its antioxidant assimilation for even greater health supporting benefits!

CONTROLLED RELEASE CAPSULE

The small-sized capsule is easy to swallow and uses the most recent discoveries in intestinal dissolution technology to eliminate any unpleasant reflux – No fish odour!
