

Immunotec's Toothpaste with Immunocal®

For oral health that is worth smiling about

Dental & gum disease is the most common illness in the world!

Periodontal (gum) disease is alarmingly common, affecting as many as 75% of adults over the age of 30.¹ It is the second most common disease worldwide after tooth decay!

Recent research has revealed that cavities and gum disease may contribute to serious health problems including:

Heart disease - Diabetes - Lung problems.²

THE GOOD NEWS!

With proper care of your teeth and gums you can stay healthy and smile with confidence!

YOUR KEY TO GOOD HEALTH

Immunotec's Toothpaste is a calcium-based, low-abrasion formula that gently and effectively leaves you with a clean mouth and fresh breath.

BENEFITS:

When used daily, Immunotec's Toothpaste provides a great solution for supporting dental health, including a brighter smile and healthy gums.

A PROPRIETARY FORMULATION LIKE NO OTHER

Immunotec's Toothpaste is unique in that it contains both *Immunocal*® and *Calcium*, the most abundant mineral in teeth.

MYRRH

The inclusion of *Myrrh* helps to soothe irritated gums and promote quick healing of wounds in the mouth.³
